EDUCATION

CHRIST (Deemed to be University), Bengaluru

Bachelor of Computer Applications (BCA) — CGPA - 7.55

Jun 2024 – Present

St. Joseph's PU College, Bengaluru

Karnataka State Board (PUC) — 83%

Jun 2022 – May 2024

The New Cambridge High School, Bengaluru

Karnataka State Board (SSLC) — 77%

Jun 2012 – May 2022

INTERSHIPS EXPERIENCE

CHRIST (Deemed to be University), BYC (Hybrid)

Apr 2026 – May 2026

Web App Developer Intern — Video Analytics & Digital Twin for Basketball

- Built and deployed a full-stack production basketball analytics platform (React, FastAPI, Firebase) on Vercel, Google Cloud Run, and AWS that turns practice footage into shot-by-shot analysis.
- Implemented role-based access control with admin-approved signup and secure direct-to-storage uploads, raising the video size limit from 32 MB to 800 MB+.

Instawork (Part-Time)

Mar 2026 – May 2026

Data Quality Analyst Intern — Robotics Training Data

- Reviewed up to 10 hours of headcam video footage daily at 4x playback speed, applying structured QA guidelines to flag manual/procedural errors in human task execution, maintaining a 90%+ accuracy rate across a 3-month engagement.

Softora

Apr 2025 – Jun 2025

Software Development Intern

- Delivered assigned development tasks across the project stack, writing clean and maintainable code while adhering to sprint timelines and coding standards.
- Debugged and resolved issues in existing modules, improving application stability and contributing to release readiness.

PROJECTS

VoxMind — Voice-Authenticated Multilingual AI Assistant

Mar 2026 – Aug 2026

github.com/Hamzyzz-k/Voxmind-dev | voxmind-cu.web.app

Python, FastAPI, React, Gemini & Groq APIs, Whisper/Google STT, ESP32-CAM IoT

- Built a voice-authenticated assistant with a multilingual speech pipeline supporting 7 languages, returning spoken responses in 2–3 seconds.
- Extended it into VoxMind Glasses, an assistive wearable for visually impaired users that pairs a distance sensor with a camera, mic and push-button trigger to describe scenes aloud via Gemini/Groq vision-language inference.
- Re-architected inference to an Ollama-first, Groq-fallback design for reliability.

God's View — Universe Simulator

Mar 2026 – Aug 2026

github.com/Hamzyzz-k/Gods-View | gods-view-cu.netlify.app

Three.js/WebGL, WebXR, NASA & ISS APIs, n8n

- Engineered a framework-free Three.js simulation of cosmic evolution, from the Big Bang to a live-tracked solar system to the observable universe.
- Integrated real-time NASA/ISS telemetry into the simulation.
- Added an n8n AI scene assistant and full WebXR headset support.

Vakeel AI — Legal AI Research Assistant

Jun 2026 – Aug 2026

github.com/Hamzyzz-k/vakeel-ai | vakeelai.vercel.app

Python, FastAPI, React, RAG, Hybrid Retrieval, LLM Evaluation

- Built a citation-verified legal research assistant for Indian law using hybrid retrieval (BM25 + vector search + reranking) and closed-set citation verification.
- Reduced hallucinated legal citations from 40% to 0% on a held-out test set, benchmarked against the AILA legal-IR dataset.

FinTrack — Expense Tracking & Shared Savings PWA

Jun 2026 – Aug 2026

github.com/Hamzyzz-k/fintrackapp | fintrack-cu.vercel.app

PostgreSQL (RLS), PWA, Kotlin, SQL

- Designed an installable PWA for expense tracking and shared savings, with row-level security (RLS) enforcing per-user data isolation.
- Built a PDF statement importer covering nearly every major bank format at 90% extraction accuracy.
- Added SMS auto-tracking through a companion Android app that keeps personal messages off-network.

CO-CURRICULAR & LEADERSHIP

Core Member, AI Guild, Dept. of Computer Science

Jun 2025 – Mar 2026

Contributed to AI workshops and collaborative departmental projects.

PR, Events & Branding, SDG Cell | Managing Committee | Ozark Productions

Jun 2025 – Mar 2026

Held concurrent roles across academic, cultural, and SDG-aligned event execution.

Sports Coordinator (Head), Dept. of Computer Science, CHRIST

Jun 2024 – Jun 2025

Led a volunteer team running inter- and intra-departmental sports events end-to-end.

Coordinator, Centre for Service Learning, Dept. of Computer Science

Jun 2024 – Jun 2025

Organised NGO outreach visits and peer-teaching sessions

SKILLS

Technical: Html, CSS, Python, Java, C++, C#, JavaScript/TypeScript, SQL, React, Tailwind CSS, Three.js/WebGL, FastAPI, PostgreSQL, MongoDB, Kotlin, PWA, Git

AI/ML & Cloud: RAG, Hybrid Search, LLM Evaluation & Benchmarking, ML Dataset Curation, Pipelines, AWS, Azure, Firebase, Supabase, Docker, IoT

Certifications: Artificial Intelligence Ethics Certification - Infosys Springboard (2026) | AI Fundamentals – Infosys Springboard (2026) | Safe AI Skills for Work - Infosys Springboard (2026) | AWS Academy Cloud Foundations - AWS (2026) | Mental Health and Well-Being - SWAYAM (NPTEL) (2025)

Soft Skills: Team Leadership, Event Management, Cross-Functional Collaboration, Time Management, Adaptability, Social Media Management
